

# Manual Hydro Test Pump

Series : MTP

**MTP-L1**

**MTP2-L3, L5, L7**

- Models are available up to 1000 bar pressure.
- Two Speed Operations except for MTP-L1
- Light weight and portable.
- Output port size 3/8" NPT female
- All models are supplied with suitable pressure gauge.
- Suitable to use non-corrosive multi fluids.

Model	Working Pressure (Bar)	Flow Per Stroke(CC) LP/HP	Reservoir Capacity (Liters)	Weight(Kgs)
MTP-L1	100	4.0	5	10
MTP2-L3	300	50/3		
MTP2-L5	500	50/2		
MTP2-L7	700	50/2		
MTP2-L10	1000	50/1.5		

# Manual Hydro Test Pump

Series : MTP3

- Stainless steel multi fluid pumping unit.
- Output port size 3/8" NPT female
- All models are supplied with suitable pressure gauge.
- Suitable to use non-corrosive multi fluids.
- Manual switchover of high pressure to low pressure pumping.

Model	Working Pressure (Bar)	Flow Per Stroke(CC) LP/HP		Reservoir Capacity (Liters)	Weight(Kgs)
		LP	HP		
MTP3-L5	500	45	3.8	10	22
MTP3-L7	700	45	3.8		
MTP3-L10	1000	32	2.6
